OFFICE OF THE SECRETARY

December 16, 1918.

Sir Robert Falconer,
Toronto University,
Toronto, Ontario.

Dear Sir;-

In a conversation which I had with you when you were in London you stated that the curriculum for the six year course in Medicine for the University of Toronto had been prepared.

Would it be possible for me to obtain a copy of this curriculum ? Since Toronto and McGill are taking up the problem of a six year course in Medicine we wish to seriously consider it here.

Thanking you in advance,

Yours very truly,

J.W.Grace

Dr. J. H. Drane,

The Western University Medical School,

London, Ont.

Dear Dr. Drane:

I am sending you an outline of the curriculum for the six years' course in Medicine. So far only the first year of the course has been definitely arranged for.

With kind regards, I am,

Yours sincerely,

President.
